RunbookPilot

EMPLOYEE HANDBOOK & COMPANY POLICIES

Standard Operating Procedures, Culture, and Guidelines

Version 3.4 • Effective Year [2026]

Published & Authorized by:

Ashish, Founder & Owner

This document contains confidential guidelines regarding employment terms, corporate values, code of conduct, and organizational responsibilities at RunbookPilot.

1. Welcome from the Owner

Dear Team Member,

Welcome to RunbookPilot! Whether you are joining our engineering, product, content, or customer success teams, you are now an integral part of an ambitious journey. We founded RunbookPilot with a singular vision: to revolutionize workflow automation, operational runbooks, and professional knowledge scaling.

Our success is built directly upon the talent, creativity, and dedication of each individual team member. This handbook has been crafted to provide complete clarity on our expectations, your rights, and the supportive framework we maintain to help you excel.

— Ashish, Founder & Owner

2. Company Overview & Core Values

RunbookPilot operates at the intersection of developer tooling, cloud operations, and scalable education. We believe in building robust systems, empowering learners and partners, and fostering radical transparency.

Our 4 Core Organizational Pillars:

- **Excellence in Execution:** We deliver high-quality, reliable solutions for all partners and learners.
- **Collaborative Innovation:** Open communication and cross-functional brainstorming drive our progress.
- **Uncompromising Integrity:** Ethical behavior and data protection govern every action we take.
- **Continuous Growth:** We invest in professional development and continuous skill acquisition.

3. Human Resources Policies & Equal Opportunity

RunbookPilot is firmly committed to maintaining a fair, inclusive, collaborative, and performance-driven workplace environment for all employees and contractors regardless of background.

- **Equal Opportunity Employer:** All hiring, retention, compensation, and promotion decisions are made strictly on merit, professional qualification, and performance.
- **Zero Tolerance for Discrimination:** Discrimination of any form based on race, gender, religion, age, origin, or orientation is strictly prohibited.
- **Respectful Workplace:** Every individual deserves to work in an atmosphere free from intimidation, harassment, or hostility.

4. Comprehensive Leave Policy

We believe that sustained high performance requires adequate rest and robust work-life balance. RunbookPilot provides a comprehensive leave structure to support personal well-being.

- **Annual Leave:** 18 working days per year, accrued monthly.
- **Sick Leave:** 10 paid sick leave days per year for medical recovery.
- **Casual Leave:** 6 casual leave days per year for urgent personal matters.
- **Maternity & Paternity Leave:** Extended leaves provided as per statutory norms.
- **Carry Forward Limit:** Unused annual leave may be carried forward up to a maximum of 30 days.

5. Workplace Conduct & Ethics

Everyone at RunbookPilot is expected to act professionally, ethically, and responsibly at all times. Our reputation relies on trustworthiness and absolute diligence in professional interactions.

Confidentiality & Data Protection

Protecting sensitive information is a paramount obligation for all team members:

- Strictly maintain confidentiality of learner, customer, company, partner, and proprietary project information.
- Comply fully with internal data-protection standards, encryption protocols, and privacy laws.
- Do not export or store company data on unverified personal devices or public cloud storage.

Conflicts of Interest & Anti-Bribery

- Avoid any professional, commercial, or personal activities that conflict with RunbookPilot interests.
- No acceptance of bribes, kickbacks, expensive gifts, or unethical favors from vendors or partners.
- Declare any secondary employment or advisory roles to HR and management immediately.

6. Information Security & Remote Work Guidelines

As a technology-driven organization operating in hybrid and remote models, information security and digital hygiene are core operational requirements.

Digital Security Protocols

- Multi-Factor Authentication (MFA) must be enabled on all corporate accounts and code repositories.
- Operating systems and security patches must be kept up to date on all work machines.
- Use secure corporate VPNs when accessing internal staging servers or restricted databases.

Remote Work Best Practices

- Maintain a reliable internet connection and a quiet workspace for remote meetings and client calls.
- Adhere to core collaboration hours while enjoying flexible scheduling benefits.
- Secure physical workstations when working from home or public spaces to prevent shoulder surfing.

7. Performance & Growth Framework

RunbookPilot is dedicated to helping every team member reach their peak potential through structured evaluations, feedback loops, and career progression pathways.

Bi-Annual Performance Reviews

- Comprehensive reviews conducted twice a year to evaluate goals, achievements, and contributions.
- 360-degree feedback involving peer reviews, manager assessments, and self-evaluation.
- Transparent mapping of compensation adjustments and promotional milestones.

Skill Progression & Learning Support

- Access to sponsored courses, certifications, workshops, and technical conferences.
- Mentorship programs pairing rising talent with experienced technical and leadership guides.
- Clear skill matrices outlining expectations for promotion across all engineering and operational levels.

8. Disciplinary Actions & Grievance Redressal

While we foster a supportive and cooperative culture, any serious or repeated violation of company policies, security guidelines, or professional ethics may result in formal disciplinary measures.

Progressive Disciplinary Framework

- **Step 1: Informal Discussion & Coaching** — Addressed directly with team lead for minor infractions or missed expectations.
- **Step 2: Formal Written Warning** — Issued for repeated policy breaches, chronic tardiness, or minor data security negligence.
- **Step 3: Suspension** — Temporary suspension with or without pay pending formal investigation of serious misconduct.
- **Step 4: Termination of Employment** — Immediate termination in severe cases such as data theft, intentional breach of confidentiality, fraud, or harassment.

Grievance Redressal Mechanism

Employees facing workplace disputes or harassment can report confidentially to HR or directly to Founder Ashish for impartial investigation and swift resolution.

9. Acknowledgement and Sign-off

Please read this handbook carefully, sign below to confirm your understanding and agreement with RunbookPilot policies, and return this page to the HR department.
